BUSINESS.

This being the first meeting after the holiday period a number of issues were discussed, the main ones being the sale of the proposed golf course area and the play park scheme. Concern has been shown by the residents of Gartlea regarding the sale of the ground previously known as the Target Tip.

As the plans for a golf course have been ongoing since 1980. It was agreed that this Community Council stand firm for the leisure facilities already planned for this area.

LIVINGSTON PLACE

The play park scheme we proposed is as yet still at the early stages, and no information has come on any grant funding.

A. O. C. B.

The Councillor was asked if a developer could be found for the ground at Gartlea Rd/Hogg St. As this ground has been on the local plan for many years for sheltered housing, and is now becoming an eyesore.
