Dear Hugh

Wellwynd Hall, Wellwynd Street, Airdrie

As you are well aware, Monklands District Council acquired the above property for the development of a Museum. Today because of financial constraints, this development has not materialised.

I have been approached by various persons regarding the present condition of the building. Extensive vandalism has taken place and the current condition of the building does not reflect very cleverly on the Council.

A review of this, I feel that it is now important to re-establish as to whether or not there are any alternative proposals for development of this site.

As such, I would ask that a report be tabled at a future meeting of the Airdrie Area Committee in order to stimulate debate.

Thank you in anticipation of your assistance.

Yours sincerely
