

NORTH LANARKSHIRE COUNCIL

REPORT

To: ENVIRONMENTAL SERVICES COMMITTEE	Subject: GENERAL DEBTORS DEBT WRITE-OFF 2014/15
From: EXECUTIVE DIRECTOR OF REGENERATION & ENVIRONMENTAL SERVICES	
Date 12 th AUGUST 2014	Ref: PJ/GP/IH/GG

1. INTRODUCTION

- 1.1 The purpose of this report is to present to Committee a formal write-off of external debt, which is deemed non-collectable in terms of recognised accounting practice.
- 1.2 Regeneration & Environmental Services have a debtors policy aimed at reducing overall levels of debt. This policy requires payment in advance for services where possible and withdrawing services for non paying debtors. It is envisaged that this will reduce the value of the debt write-off in future years.

2. BACKGROUND

- 2.1 The annual value of invoices issued, on behalf of Regeneration & Environmental Services, for the provision of general services was approximately £19.1m.
- 2.2 Inevitably, however there will always be a small element of debt, which will prove to be non-collectable, for example where a company goes into liquidation. The Service has been making a regular provision within the accounts to accommodate such instances.
- 2.3 In line with recognised accounting procedures and best practice, there should be a regular appraisal to eliminate those debts which are clearly irrecoverable and where full provision has already been made within the accounts of the authority.
- 2.4 Although a debtor balance may be formally written-off every effort will continue to be made to ensure collection, including the refusal of access to any further service provision unless the debt is subsequently settled in full. Records of such debt will be maintained to assist in the monitoring of bad debtors.
- 2.5 This report provides details of the Services' debt, which is considered to be non-collectable and therefore submitted for write-off.

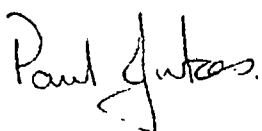

3. DEBT WRITE-OFF

- 3.1 An exercise has been undertaken to identify debt that is now considered to be non-collectable. This debt has been fully provided for within the Accounts and includes debt under £250 for which the Executive Director of Finance & Customer Services has delegated powers. Total debt under £250 amounts to £6,129.20.

- 3.2 The value of debt between £250 - £1,000 amounts to £11,426.87. Again, this has been provided for and reported via the budgetary control reports to Committee.
- 3.3 The value of debt over £1,000 amounts to £19,023.39. Again this has been provided for.
- 3.4 The total write-off is £36,579.46 and reflects the current economic climate. The total includes several large debts where companies have been placed in liquidation e.g. developers and small to medium enterprises.
- 3.5 The make-up of the total amount proposed for write-off is detailed below along with an explanation of why this requires to be written-off (Appendix 1 also summarises this information).
- 3.5.1 Debt of £7,468.28 relates to customers who have gone into sequestration or liquidation. If any dividend is paid out it will be used to offset the write-off.
- 3.5.2 Debt of £5,320.54 relates to customers who have moved address and cannot be traced.
- 3.5.3 Debt of £10.52 comprises of small balances, debt that is uneconomical to pursue.
- 3.5.4 Debt of £4,958.55 relates to customers who are deceased and no payment has been received from the customer's estate.
- 3.5.4 Debt of £18,821.57 being debt where all avenues of recovery have now been exhausted i.e. - calls have been made, letters have been sent and no response has been received from debtor and/or Legal Services have taken the decision not to pursue any further as a recovery is not possible.
- 3.6 It should be emphasised that records will be maintained of all debt written off to ensure further action can be taken if the situation arises.

4 RECOMMENDATIONS

- 4.1 The Committee is asked to note that The Executive Director of Finance & Customer Services has used his delegated powers to write-off debts under £250, totalling a net figure of £6,129.20 for Regeneration & Environmental Services.
- 4.2 The Committee is asked to approve the write-off of all items over £250 to the value of £30,450.26.
- 4.3 The Committee refer this report to the Policy and Resources (Finance & Customer Services) Sub Committee for consideration.

PAUL JUKES
EXECUTIVE DIRECTOR OF ENVIRONMENTAL SERVICES
