

Kilsyth and Villages Community Forum

Report to Local Area Partnership

January 2014

Background

This report aims to give an update on the workings of Kilsyth & Villages Community Forum

Community Forum achievements/new developments

The forum has had a number of events, presentations and consultations this year these include:

- Fuel Poverty Event
- Town Centre Framework Consultation
- Well Connected
- Mental Health and the 'See Me' Campaign

Although we had over 70 people at our Fuel Poverty Event in February we have had dwindling numbers at the forum meetings. In order to try and increase our membership we have decided to change the day and the venue of our meetings so that it is easier for people to attend.

Date, venue and theme of future meetings

Our Local Regeneration Manager is looking for ideas for the Local Development Programme. If you would like to put forward ideas for environmental projects that would enhance or improve an area of Kilsyth or the villages please come along to the February meeting.

As always we are continuing to develop new partnerships to promote the work of the Forum and insure we reach as many local people as possible. The forum is also seeking to work with local groups and support them in some events, activities or training, which will help the group increase their presence in the community. If you are a member of a local group and want to find out how we can help please get in touch.
