Tommy Murray

Ian Brown

Liz Brown

Danny Brown

Jim Logan

Emma Hall

meeting opened at 7pm by the chairman.
minutes read from Agm on 27/11/13. Proposed
by Liz Brown and seconded by Wendy McBride

Chairman addresses the group about the dog park
and the Council still not emptying bins on the
site. He has asked David Stokes to intervene to
get them emptied on a regular basis as the park
is a success and being used by residents.

Chairman also suggests a path would help
increase the number of people using the facility.

Jim Logan suggests a bin for dog mess be
placed at the iron bridge end of Old Union St
as the street is bad for mess. Suggestions
also made regarding signs warning people
of possible fines for not cleaning up after
their dog.

The chairman suggest that this years Childrens Christmas party be held on Saturday 20th December 9-5pm. The Secretary will check availability for this and report to group.

The chairman suggests the group look into parking alternatives in Gartlea as a whole as some streets are near impassable, Livingstone place & Burns Crescent being two of the worst. He suggests a video is made to highlight the problem and show places that could be adapted for off street parking.

Jim Logan asks if the Community Council can help a local dance teacher who holds classes in the Community Centre. She needs help with grants/funding for equipment/hall hire etc. The group suggests contacting local councillors for grants/funding information. E. Hall suggests searching online for other funding sources such as Clyde valley housing or lottery funding also.

The chairman asks the group to come up with ideas for a pensioners night or day trip away for the next meeting.

The chairman suggests meetings be held with Council regarding the dog park, parking, speed restrictions signs still not up and Community Centre.

meeting closed.
