4. **Local Actions and Outcomes**

Excellent joint work continues with all partners and below are the local actions taken and associated outcomes include the following:

Violence Reduction Day – 29th April 2009

As part of the Strathclyde Police Force Violence Reduction Strategy a joint initiative between NLC and Strathclyde Police took place in the ND Subdivision area on Wednesday 29th April. This initiative was arranged in order to address gang issues and youth disorder in the area. A mobile information unit was set up in Market Place, Viewpark and provided a visible presence and took enquiries, questions and complaints from members of the public. In addition to the mobile information unit Police Officers and Anti Social Investigation staff carried out joint visits to the homes of persistent offenders. Two written warnings were served and five UBN's were signed in relation to this Violence Reduction day.

Targeting Under Reporting

Both NLC and Strathclyde Police view under reporting of anti social behaviour as a concern within this locality. This was discussed at the Community Safety Sub Group where it was agreed that measures were required to combat this problem. Discussions are now underway between Housing Service and Strathclyde Police to carry out Action Days in the areas of most concern. These Action Days will involve bringing the Kontiki into the target areas, highly visible Police and Housing staff on site to give advice to members of the public, to encourage reporting and re-assure residents that all agencies are working together to resolve problems and make Communities safer.

These events will be highly publicised and it is anticipated that they will not be 'one-off's' – in the most vulnerable areas, there will be a programme of such events to try to engage and re-assure the public that we will be consistent in our response to their concerns.

5. **Recommendation**

It is recommended that members of the Local Area Partnership:

Viewpark/Bellshill Youth Offender Meeting

This local multi-agency meeting involves representatives from various relevant agencies such as Strathclyde Police, Anti Social Investigations staff, Social Work Services, Active Steps, Community Learning and Development and the Children's Reporter. The purpose of the group is to discuss the persistent young offenders under the age of 16 years within the local area who have come to the attention of the Police, ASTF or Reporter, with a view to discussing each individual in detail and reaching agreement on the best course of action for tackling the issues surrounding these individual's behaviour and related problems. This group meets on a regular basis, normally on the last Tuesday of each month. Legislation requires Local Authorities to take a multi-agency approach to decision making of the future and actions to be taken in relation to persistent young offenders.
