for Mr Cowe

I have pleasure in enclosing a copy of the SCDI's Annual Report and Accounts for the year to 30th September 1995. In particular, I would draw your attention to the Review of Operations which describes our work in:

Public Policy
Business Development
Education Business Links

We are in touch with COSLA about the SCDI's future collective relationship with the new Local Authorities. We are keen to establish a good working relationship with your Authority and we hope that we will be able to attract your new organisation into membership of the SCDI.

My senior colleagues and I would be pleased to meet you to discuss our activities in the field of economic development, if you felt that this was appropriate. I realise that the demands of local government re-organisation will place considerable pressures upon your diary during the next few months but I do hope that we will have an opportunity to meet.

Yours sincerely

Alan Wilson
