**UFRA 2000**

Dear Mr Porch,

I am very pleased that North Lanarkshire will be represented at UFRA which opens on Saturday 30<sup>th</sup> September 2000 and is in operation for nine days.

I know that the economic development department has been involved in helping with the products which will be on sale at the North Lanarkshire stand and am grateful for their assistance.

I should be pleased if the Chairman of Economic Development would be our guest during the event or part of that time when he would be able to see for himself the benefits of UFRA to business and to the community.

It would also give an opportunity for discussion with people from our own economic development unit, to share experiences and solutions for business and employment matters.

I hope a representative will be able to attend and look forward to hearing from you.

Regards from,

Hans Schnabel  
Head of the Department of Economic Development
