NORTH LANARKSHIRE COUNCIL : EDUCATION DEPARTMENT

School Transport Contracts arranged by SPT

Report by Director

1 BACKGROUND

- 1.1 At its meeting on 5 December 1995, the education committee approved Strathclyde Passenger Transport (SPT) as agent on behalf of the authority in arranging transport for all eligible pupils except those with special educational needs.
- 1.2 In accordance with the agreed contract specifications and transport routes, SPT has invited tenders for those 3 year contracts which expire at the end of school session 1995-96 and for areas where additional requirements have been identified. The tenders received are detailed in appendix 1.

2 RECOMMENDED AWARDS

- 2.1 In general, SPT has recommended that each contract be awarded to the operator offering the lowest price. However, account has also been taken of a need to ensure adherence to contract specifications and legal operational requirements and to ensure the technical capability of the operator to deliver the service. All operators submitting contracts for the first time were inspected by SPT.
- 2.2 The sub-committee will wish to give particular attention to the following issues:
- (a) The list of tenders received (appendix 1, pages 1-12)
(In each case information is given about the total cost for the 3 year contract period and the 12 month cost of the new and previous contract).
 - (b) The list of recommended awards (appendix 2, pages 13-19)
 - (c) In the 4 cases listed below the lowest tender was not accepted.

<u>Contract No</u>	<u>Description</u>	<u>Reason for non acceptance of Lowest Tender</u>	<u>Appendix 1</u>
2435B	Kilsyth PS/Adam Machriemhor Auchenstarry	Lowest tenderer insufficient resources	Page 4
4274A	New Monkland PS - Dalmacoultter Farm	Lowest tender incompetent 2nd lowest unsatisfactory vehicle inspection report	Page 8
4317A	New Monkland PS - West Glenmavis Areas	Lowest tender incompetent	Page 8
4356D	New Monkland PS - Gain/Drumbowie/Riggend	Lowest tender incompetent 2nd lowest unsatisfactory vehicle inspection report	Page 9

(d) 10 contracts have been readvertised because the tenders received were not considered to be value for money to the authority.

2.3 From February 1997 there will be a phased introduction of the legal requirement to have seatbelts on minibuses and coaches and this is likely to be reflected in contract prices. It is anticipated that the financial implications of contract review might be £6000 in 1996-97 and £70000 annually thereafter, assuming the proportion of contracts awarded to these vehicles remains unchanged.

3 RECOMMENDATION

3.1 The resources sub-committee is asked to approve the school transport contract awards listed in the report, appendix 2.
