

**NORTH LANARKSHIRE COUNCIL**

**REPORT**

To: Education (Resources) Sub Committee	Subject: Transport of School Children with Special Educational and/or Medical Needs Session 1996/97
From: Director of Education	
Date: 22 May 1996	

**Purpose of Report**

The education department takes responsibility for organising school transport for children with special educational and/or medical needs. This report seeks approval for the proposed contract awards.

**Recommendations**

The education (resources) sub committee is asked to approve the 1996/97 school transport contract awards for children with special educational and/or medical needs detailed in this report including;

- a) the 31 contracts to firms whose offer was not the lowest, and
- b) the 33 contracts to firms whose offer was equal lowest with other contractors.

Members wishing further information about this report should contact:

Michael O'Neill, Director of Education, on 01236 441478, or  
Murdo Maciver, Head of Service, on 01236 441372

# NORTH LANARKSHIRE COUNCIL : DEPARTMENT OF EDUCATION

## Transport of School Children with Special Educational and/or Medical Needs Session 1996/97

### Report by Director

#### 1. INTRODUCTION

- 1.1 Given the special educational needs and/or medical needs of some pupils resident within the North Lanarkshire area, there is a requirement for transport to be arranged to enable them to attend school. The transport facilities must be suited to pupils needs, for example transport may require to carry wheelchairs; transport must be reliable at all times; and operators should be relatively flexible in their operations so that they may be contacted quickly should an emergency arise. On certain contracts, especially for very young children, contractors must provide a suitable child seat and all contracts must provide appropriate seat restraints for all pupils.

For session 1996/97 there is a need for 226 single year contracts to convey pupils with special educational and/or medical needs to school. The following categories of pupils are involved:

- (a) children with a variety of physical, mental and/or sensory handicaps attending special schools and units.
  - (b) Children with physical and/or mild mental handicaps attending mainstream primary and secondary school.
  - (c) Pre-5 children attending pre-5 units on the advice of the medical authorities and/or psychological services.
- 1.2 Following public advertisement in national and local newspapers and in the European Official Journal to comply with the provision of the services directive, tenders were received for all but 2 contracts. These will be re-advertised. Of the 226 contracts 4 are no longer required

#### 2. ANALYSIS OF OFFERS

- 2.1 In accordance with the award criteria specified by the European Official Journal the offers were analysed to ensure
- (a) the provision of a high quality service to pupils and value for money to the authority. In determining quality, the special needs of the children as outlined above were of paramount importance, especially concerning the reliability and flexibility of contractors.
  - (b) the capacity of contractors was not overstretched.
  - (c) reasonable apportionment when awarding contracts to new contractors.
  - (d) viable apportionment providing as wide a cover as possible.

2.2 After analysis of the tenders received for the 220 contracts it is recommended that:

- (a) 156 contracts be awarded to the single lowest tender,
- (b) 31 contracts be awarded to the firms whose offer was not the lowest (appendix 1), and
- (c) 33 contracts to firms whose offer was equal lowest with other contractors (appendix 2).

Details of these contracts to be awarded to operators whose offer was not the lowest, and the reasons for the recommendations are outlined in Appendix 1 of this report.

### 3. COST OF CONTRACTS

3.1 The additional cost of awarding the 31 contracts, as outlined in Appendix 1, to other than the lowest tender is £42,750.00

3.2 Appendix 3 notes the contracts to be awarded to a single contractor where the cost is over under £20,000.

3.3 Appendix 4 lists the contracts to be awarded to a single contractor where the cost is over £20,000

3.4 The total overall value of the 220 contracts awarded and detailed in Appendix 3 and 4 of this report amounts to £771,907.96

### 4. RECOMMENDATIONS

4.1 The education (resources) sub committee is asked to approve the 1996/97 school transport contract awards for children with special education and/or medical needs detailed in this report including;

- a) the 31 contracts to firms whose offer was not the lowest, and
- b) the 33 contracts to firms whose offer was equal lowest with other contractors.
