

NORTH LANARKSHIRE COUNCIL

REPORT / AGENDA ITEM NO. 5

To: Education (Resources) Sub Committee	Subject: Transport of School Children with Special Educational / Medical Needs: Contracts for Period 2004/2007
From: Director of Education	
Date: September 2004	
Ref: MM/AC	

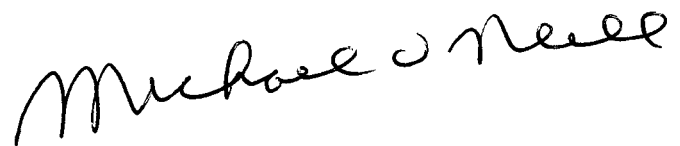

**Summary**

The education department takes responsibility for organising school transport for children with special educational / medical needs.

**Recommendations**

The education (resources) sub committee is asked to note the following 2004-2007 school transport contract awards for children with special educational and/or medical needs :

- (a) the 87 contracts to contractors who submitted the single lowest tender
- (b) the 77 individual contracts to contractors whose offer was not the lowest, and
- (c) the 11 contracts to contractors whose offer was equal lowest with other contractors

Members wishing further information about this report should contact:

Michael O'Neill, Director of Education, on 01236 812337, or  
Murdo Maciver, Head of Service, on 01236 812269

# NORTH LANARKSHIRE COUNCIL : DEPARTMENT OF EDUCATION

## Transport of School Children with Special Educational and/or Medical Needs

### Session 2004/2007

#### Report by the Director of Education

#### 1. Introduction

- 1.1 Given the special educational needs and/or medical needs of some pupils resident within the North Lanarkshire area, there is a requirement for transport to be arranged to enable them to attend school. The transport facilities must be suited to pupil needs. For example, transport may require to carry wheelchairs, and operators should be relatively flexible in their operations so that they can be contacted quickly should an emergency arise. On certain contracts, especially for very young children, contractors must provide a suitable child seat. A number of contracts also require an escort to be available. All contractors must provide appropriate seat restraints for all pupils.
- 1.2 To comply with the provision of the services directive, public advertisements were placed in national and local newspapers and in the European Official Journal. The 202 tenders included in this paper cover the period 2004/2007 and make provision for the home to school transport of pupils with special educational and/or medical needs. The list includes contracts previously arranged under 2.1 and 2.2 of the standing orders relating to contracts. The following categories of pupils are involved:
- (a) Children with a variety of physical, mental and/or sensory impairments attending special schools and units.
  - (b) Children with physical, and/or mild mental impairment attending mainstream primary and secondary schools.
- 1.3 Table 1 outlines the recommendation for the allocation of contracts

**Table 1**

<b>Number of Contracts</b>	<b>Allocation</b>
25	Contracts not awarded because insufficient tenders received
2	Tenders cancelled due to transport no longer required.
53	Combined contracts recommended for award
122	Recommended for award
202	Total

#### 2. Analysis of Offers

- 2.1 In accordance with the award criteria the offers were analysed to ensure:
- (a) the provision of a high quality service to pupils and value for money to the authority. In determining quality, the special needs of the children as outlined above were of paramount importance, especially the reliability and flexibility of contractors.
  - (b) that the contractor has sufficient vehicles to meet the requirements of all allocated contracts. Contracts for the transportation of special needs children in minibuses

are subject to satisfactory vehicle checks arranged by Strathclyde Passenger Transport.

2.2 Following analysis of the tenders received 122 contracts are recommended for award as follows:

- (a) 87 contracts be awarded to the single lowest tender.
- (b) 24 contracts be awarded to the firms whose offer was not the lowest (Appendix 2). The reason for each recommendation is detailed in the appendix.
- (c) 11 contracts be awarded to firms whose offer was equal lowest with other contractors (Appendix 3)

### **3. Cost of Contract**

3.1 Appendix 1 notes the contracts to be awarded to a single contractor where the individual cost is under £50,000.

3.2 The additional cost of awarding the 24 contracts, as outlined in Appendix 2, to other than the lowest tenderer is £21,326.

3.3 The value of the 175 contracts recommended for award (Appendix 1) amounts to £826,264

### **4. Total Cost of Contracts**

4.1 The projected cost for 2004/2005 is £2,431,795. The budget allocation is £2,154,550. All contracts are reviewed on an ongoing basis to ensure expenditure within the budget. However, it must be emphasised that contracts are arranged on a needs basis and that further requests are likely to emerge.

### **5. Contract Period**

5.1 The contracts recommended for award in this paper will run for a period of 3 years.

### **6. Recommendations**

6.1 The education (resources) sub committee is asked to note the content of this report for information.
