Dear Chief Executive

SEMINAR ON EDUCATION ISSUES - 8 SEPTEMBER 1995

COSLA will be holding a seminar on 8 September at which the Scottish Office and the Association of Directors of Education in Scotland will give presentations highlighting their advice to the new councils on education. Specific areas which are likely to be covered are Higher Still, pre-five education, community education and bursaries.

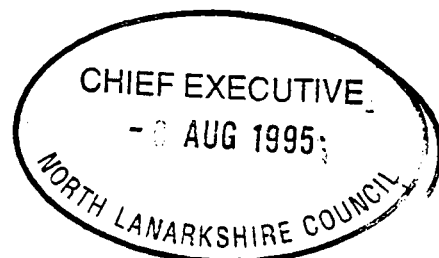

The seminar is likely to be of interest to those elected members with responsibility for education issues and to your Director of Education. I should be grateful if you would advise the appropriate members of your council of the date of the seminar. Full information concerning the seminar will be issued shortly.

Yours sincerely

Dawn Burrows
Policy Officer
