

NORTH LANARKSHIRE COUNCIL
REPORT

To: PLANNING AND ENVIRONMENT COMMITTEE		Subject: Zoo Licence Application: Discover Amazonia
From: DIRECTOR OF PLANNING AND ENVIRONMENT		
Date: 26 July 2005	Ref:	

1. Purpose of Report

- 1.1 The report will provide members of the Committee with details of a zoo licence application and an inspection carried out by the Council's Animal Health and Welfare Inspector and a zoological expert nominated by the Scottish Executive in pursuance of the application.

2. Background

- 2.1 An application for a new zoo licence was received by the Department in compliance with the Zoo Licensing Act 1981 (as amended) – the Council is the body that now grants such licence. The public zoo was transferred from the West Lothian Council area and would be sited within the M&D Leisure complex at Strathclyde Park, Motherwell.
- 2.2 The 1981 Act stipulates the procedures for consideration of the licence. The purpose of the licensing procedure is to ensure that public zoos are safe, properly run and that species kept within receive appropriate care and attention with special consideration being given to education and conservation.

3. Considerations

- 3.1 The Council are in the process of granting two other zoos licences under the Zoo Licensing Act: - Palacerigg and World of Wings.
- 3.2 An inspection of the Discover Amazonia zoo was undertaken on 14 July and details of the report are attached as an Appendix for information purposes.
- 3.3 The report from the nominated zoological expert is generally favourable and action is being taken to address the building works identified. The expert further intimated that the zoo, being a small collection, is deemed a small zoo and is allowed some derogation from some of the conservation measures necessary within a larger concern notwithstanding that education and conservation do play a large role in the prospective operation.
- 3.4 Part of the licensing process ensures that the Council pay due regard to the health or safety of persons living in the neighbourhood of the zoo – this role was partially the subject of objections to the granting of licence and is dealt with within the Appendix.

4. Corporate Considerations

The recommendations to the Committee are consistent with policy and there are no financial, personnel or legal implications in this report.

5. Recommendations

- 5.1 That the Committee licence the zoo collection at Discover Amazonia, Strathclyde Park subject to the conditions that all building works detailed in the appended report are completed, being satisfied that the standards of accommodation, staffing and management are adequate for the proper care and well-being of the animals and for the proper conduct of the zoo.

Additional space

The following space is provided for:

- additional notes and comments on the answers to the earlier questions;
- recommendations (other than in respect of grant or refusal of a licence and any specific conditions recommended for a licence – see overleaf); and
- any general remarks which the inspecting team may wish to record.

1 Some light fitting to have additional protection

2 Building operation still ongoing - to be completed before license granted

3 On completion we recommed a license be granted under Section 14(2) Zoo licensing Act 1981

Comment

This facility, on completion, should be an excellent asset to the area both from an educational and recreational point of view
