REPORT

To: CORPORATE SERVICES COMMITTEE		Subject: GENERAL DEBTORS BAD DEBT WRITE-OFF FOR CORPORATE SERVICES IN FINANCIAL YEAR 2009/10
From: EXECUTIVE DIRECTOR OF CORPORATE SERVICES		
Date: 1 July 2010	Ref: JAF/PD	

**1. Purpose of Report**

1.1 This report presents a summary of outstanding debtor accounts for the financial year from April 2009 to March 2010 deemed non-collectable following all attempts at recovery. A bad debt collection provision has been included within the annual accounts recognising the non-collection of these accounts.

**2. Background**

2.1 The annual value of invoices issued for all of Corporate Services for the financial year 2009/2010 was £17,729,110.30.

2.2 The Council is engaged in a number of activities aimed at improving collection rates, reducing debt arising and streamlining the recovery process, including payments in advance, a Centralised Debt Recovery Team and improved use of external collection agents and there is, additionally, in relation to Corporate Services a team within the Property Services Division dedicated to the recovery of unpaid costs associated with the leasing of properties.

2.3 In line with recognised accounting procedures and best practice, there continues to be an appraisal of the outstanding balances to assess those deemed non-collectable. This process is underpinned by a systematic approach to recovery and a realistic assessment of the expected collection of outstanding balances.

2.4 The write-off of an invoice within the accounts ensures a realistic assessment of expected income. However, where appropriate, action is taken to continue to seek collection of the outstanding balances if the circumstances of the debtor alter and recovery is deemed practical.

**3. Summary of Bad Debt Write-Off**

3.1 An analysis of the outstanding balances has been conducted. A sum of £66,473.23 in respect of 128 outstanding debts has been identified as non-collectable.

3.2 The Executive Director of Finance and Customer Services, under the Scheme of Delegation, has exercised powers to write-off those balances under £250. That has involved the write-off of 33 debtor accounts to the value of £3,721.04.

3.3 An analysis of the total write-off proposal is summarised below. Five fall into the category of 'Small balances' where actions taken towards recovery have been exhausted and it is uneconomic to continue to seek recovery of the sums involved.

There are 95 invoices each over the value of £250 amounting in total to £62,752.19 and it is recommended that these be written off.

#### 4. Financial Implications

4.1 There are no budgetary implications arising from these recommendations as provision has been made within the annual estimates.

#### 5. Recommendation
