

Report to Local Area Partnership
September 2015

This paper gives LAP members a brief overview on Bellshill Community Forum activities since the last LAP.

Since the Last LAP the group has only met one time due to taking a break for the summer holidays:

17th September

Resident Concerns

It has been raised at few meetings that residents are concerned about the lack of play facilities at the West End Area. They have been advised to look into how many people feel the same way.

Women's Health Event

At the last LAP meeting our partner in NHS raised concern about the lack of women taking up the opportunity for cervical screening. Through further conversations with the Health Improvement Team, it was decided the Forum would like to co-ordinate a Women's health event to raise awareness of not only this but of other health issues such as Diet and Alcohol.
