From: HEAD OF CORPORATE PROPERTY & PROCUREMENT			
Date: 7 th October 2015	Ref: EMcC/CMcG		

1. Introduction

1.1 The purpose of this Report is to advise Committee on performance and expenditure in respect of Corporate Property Maintenance for the current financial year and to benchmark with the previous financial year.

2. Repairs Performance (Mears Scotland) – Percentage of Jobs within Timescale

Category 1 – Emergency Works percentage within Timescale	97%	98%	98%			97%	1105	1083

The target has been achieved in the first two quarters, however, work continues with Mears to ensure staff using hand held technology input attendance times on emergency repairs.

	2014/15	2015/16						
		1 st Qrt	2 nd Qrt	3 rd Qrt	4 th Qrt	Target	No. of Routine Repairs YTD	No. of Routine Repairs within timescale YTD

3. Efficiency – Emergency Jobs as a Percentage of Routine Repairs

3.1

	2014/15	2015/16						
		1 st Qrt	2 nd Qrt	3 rd Qrt	4 th Qrt	Target	No. of Emergency Repairs YTD	No. of Routine Jobs YTD
Emergency jobs as a Percentage of day to day jobs	37%	31%	32%			34%	3827	8245

Undertaking work on a planned basis is more efficient and cost effective and accordingly, there is a drive to reduce the amount of works instructed as emergency repairs. The target has been met in the first two quarters due to work undertaken with the Head of E-Government & Service Development to agree ways to reduce the level of repairs categorised as emergency. This work is on-going.

Joint Quality Inspections	96%	98%	98%			96%	521	510

The above table indicates the number of inspections passed by the Joint Quality Audit Team comprising representatives of Corporate Property & Procurement and Mears Scotland. This indicator is currently above target.
