#### **Minutes and Matters Arising**

The minutes were accepted. There was a general discussion of transport issues relating to the village particularly in relation to accessing NHS Lanarkshire hospitals. It was noted that there is a volunteer service for people who cannot get a lift themselves to hospitals. It isn't advertised but all GPs should know about it. Patients can also access Glasgow hospitals instead if they choose.

A report was tabled and discussed. There were no planning applications and no objections to the variation in license application.

#### **Communication**

It was noted that 660 people are following the facebook page. Brenda noted that it had been difficult to find time to update the web page. Philip said that the notice board is looking really great and asked for a note of thanks to be noted for the work that Elizabeth S. does to keep it fresh and good looking.

#### **CVAC Report**

A request from Cumbernauld Environmental Society to participate in their Beautiful Scotland application was discussed. There is often a significant amount of work and running around on inspection day. However, Philip agreed to do this.

All of the plots in the allotment have now been rented out. The cabin still requires some work and there are some fencing repairs. Paula has taken over as treasurer of CVAC.
