Police report

2 assaults, 2 vandalisms, 1 street drinker, 2 drug possessions, 3 disorder, 2 thefts, 1 sexual offence. The parking of a very large motor home on Glasgow Road which was causing a visual obstruction was discussed as there appeared to have been no police action on this. Police Officers agreed to follow this up.

Minutes and Matters arising

The minutes were accepted. There was a discussion of new black Bull plans involving outdoor dining but at the back not on the Main Street. Vince raised his concern that the plans would involve the closing of the vennel to the langriggs which he believes to be a right of way. He tabled a petition. It was thought that in a previous investigation of this there were no records of the vennel as a right of way.
