**2. ROUTE TO THE IJB**

This paper has been:

Prepared	<input checked="" type="checkbox"/>	Reviewed	<input checked="" type="checkbox"/>	Endorsed	<input type="checkbox"/>
----------	-------------------------------------	----------	-------------------------------------	----------	--------------------------

- 2.1 The paper was prepared by the Interim Head of Planning, Performance and Quality Assurance and reviewed at the Senior Leadership Team meeting.

**3. RECOMMENDATIONS**

- 3.1 The IJB is asked to;

- Approve the content of the report

**4. BACKGROUND/SUMMARY OF KEY ISSUES**

- 4.0.1 Following a risk workshop in May 2018, an updated protocol was agreed for the IJB register that will see recurring risks, such as financial pressures, being set up on an annual basis. Due to this, a number of risks have commenced as high or very high and will be reviewed regularly throughout the year until there is confidence that they have been mitigated.

- 4.0.2 We would therefore aim to see a reducing risk profiles over the course of the financial year.

**4.1 New, closed or emerging risks and current risk profile**

- 4.1.1 There have been no new, closed or emerging risks since the last report in March 2019.

- 4.1.2 The current risk profile and scoring template are set out below:

Likelihood	Impact				
	1 -Negligible	2 -Minor	3 -Moderate	4 -Major	5 -Extreme
5 - Almost certain	5 Medium	10 High	15 High	20 Very high	25 Very high
4 - Likely	4 Low	8 Medium	12 High	16 Very high	20 Very high
3 - Possible	3 Low	6 Medium	9 Medium	12 High	15 High
2 - Unlikely	2 Low	4 Low	6 Medium	8 Medium	10 High
1 - Rare	1 Low	2 Low	3 Low	4 Medium	5 Medium

Risk Score	Number of Risks
Low (1-3)	1
Moderate (4-9)	7
High (10-15)	6
Very High (16+)	3

## 4.2 Very High Graded Risks

4.2.1 Following meetings to jointly review risks across the range of registers in place within health (e.g. corporate, acute, North and South), three risks have been identified as very high, ensuring consistency of reporting with South Lanarkshire and the Corporate registers.

4.2.2 These risks will be reviewed at least monthly, with mitigating actions being coordinated via the Primary Care Strategy Board and Primary Care Transformation Fund Board, Prescribing Quality & Efficiency Plan and Health and Social Care North Lanarkshire Resource Planning Group.

4.2.3 During winter, a fortnightly operational group was formed to coordinate winter planning activity within the partnership. It has been agreed that this group will form the operational 'bronze' level resilience Brexit group for the partnership, if resilience arrangements commence.

### 4.3 High Graded Risks and Risks Exceeding Tolerance

4.3.1 From the 14 risks identified, six have an assessed level of risk as high, and a further four have an assessed level of risk higher than the tolerance set. Members are asked to focus on the key actions identified to ensure mitigation to tolerance level.

4.3.2 Risks within this category are reviewed at least every 2-3 months.

## 5. CONCLUSIONS

5.1 The IJB Risk Register continues to be reviewed in line with the risk processes of the partner organisations.

5.2 Within health, there has been a significant review of the level three operational register, moving to one joint risk register for all six Localities.

- 5.3 Work is ongoing to finalise the social work operational risk register and following meetings with the corporate leads, a similar structure to that of the health noted in 5.2 has been agreed.
- 5.4 A collaborative exercise has commenced with H&SCNL, NHS Lanarkshire and the South Lanarkshire IJB with the aim of finalising:
  - An agreed process for identifying, assessing and mitigating risks that affect more than 1 partner, including visibility on the respective risk registers
  - A considered and agreed approach that will provide the necessary assurance on the risk management systems and processes across the NHSL Audit Committee, North and South IJB Sub-Committees
  - Reviewed and updated NHSL, North & South IJB Risk Management Strategies that reflects agreed improvements for approval by the respective Boards.
- 5.5 An initial exercise to review five key shared risks as a test of the new approach has been completed, with further work now taking place to finalise the overall approach.

**6. IMPLICATIONS**

**6.1 NATIONAL OUTCOMES**

The risk management strategy will assist the identification, recording and mitigation of risks, thereby supporting the achievement of organisational outcomes by prioritising and managing risks which may threaten them.

**6.2 ASSOCIATED MEASURE(S)**

No further measures.

**6.3 FINANCIAL**

The risk management strategy will support the identification, prioritisation and management of risks which may threaten financial balance and governance.

**6.4 PEOPLE**

The risk management strategy will support the identification, prioritisation and management of risks which may threaten the safety of staff and patients/service users.

**6.5 INEQUALITIES**

The risk management strategy will support the identification, prioritisation and management of risks which may impact on inequality.
