Executive Summary

North Lanarkshire Council was for the first time, involved in *Challenge Poverty Week*, which took place from 7th to 13th October 2019. The week, which has been coordinated by the Poverty Alliance for the last seven years, is an opportunity to highlight what is being done to address poverty and to commit to more action in the future.

The Aim of the week was to:

- Show the reality of poverty in Scotland and challenge stereotypes;
- Highlight and showcase the solutions to poverty; and
- Increase public support for action to solve poverty.

This report highlights the activities that the Council and its partners provided during the Challenge Poverty Week.

Feedback generated through the programme of events will inform the Inclusive Growth/ Anti-Poverty Strategy that is current being developed.

Recommendations

The Youth, Equalities and Empowerment Committee is asked to note the content of this report.

The Plan for North Lanarkshire

Priority All priorities

Ambition statement (11) Increase economic opportunities for adults by understanding, identifying, and addressing the causes of poverty and deprivation and barriers to financial inclusion

1. Background

North Lanarkshire Council was for the first time, involved in *Challenge Poverty Week*, which took place from 7th to 13th October 2019. The week, which has been coordinated by the Poverty Alliance for the last seven years, is an opportunity to highlight what is being done to address poverty and to commit to more action in the future.

The Aim of the week was to:

- Show the reality of poverty in Scotland and challenge stereotypes;
- Highlight and showcase the solutions to poverty; and
- Increase public support for action to solve poverty.

The themes for the week were as follows:-

- generic poverty;
- social security;
- gender;
- public services;
- race;
- disabilities; and
- employment.

2. Report

2.1 The North Lanarkshire Programme

The Tackling Poverty Officer's Action Group established a sub group to plan and implement the Council's and its partners activity for the week. The Group devised a Programme which included activities that residents could attend/drop in and associated global messages (Appendix 1). A separate programme of activities included events within Primary and Secondary Schools and daily global messages via Corporate Communications (*Appendix 1A*).¹

During the week the commitment made by the Council in terms of the Local Child Poverty Action Report (LCPAR) was highlighted in order to create greater momentum behind the shared goals of reducing poverty and encouraging our communities and employees to get involved in tackling poverty not just during the Challenge Poverty Week but also in helping the Council develop the Overarching Inclusive Growth/Tackling Poverty Strategy.

The Programme was published on the Poverty Alliance website. A social media campaign ran prior to and during the Challenge Poverty Week. The Council's website, social media communications channels and media releases were also used.

Community Matters Events held in October focused on anti-poverty measures and support. Information was made available to communities to highlight services available. Local community groups were involved in information sharing and showcasing of local services to help address these issues. Areas covered included; food poverty, fuel poverty and income maximisation.

¹ (Please note that some of the events took place prior and after the Challenge Poverty Week)

Education and Families created events in schools, for pupils, parents and the wider community. The programme of events highlighted approaches to tackling poverty that were already are happening within schools and establishments. Examples include; making a meal on a living wage, free community sports and health and wellbeing events, Money Advice and Consumer Advice (MACA) workshops in primary schools and welfare rights drop-in sessions for parents and carers.

Challenge Poverty Week provided a practical opportunity to begin to change what we think, as a society, can be done about poverty in Scotland. At a time when life is becoming tougher for many people, it is vital that we build the case for change.

3. Equality and Diversity

3.1 Fairer Scotland Duty

The Challenge Poverty Week contains no measures which would have a detrimental socio/economic impact on communities in North Lanarkshire as defined in the Fairer Scotland Duty, indeed it supports the requirement of the duty to reduce inequalities of outcome caused by socio/economic disadvantage

3.2 Equality Impact Assessment

No groups will be disadvantaged or excluded through the implementation of the recommendations of the report. Indeed noting, the recommendations presents an opportunity to promote equality and ensure greater access to public services.

4. Implications

4.1 Financial Impact

There are no financial impacts.

4.2 HR/Policy/Legislative Impact

There are no HR/Policy/Legislative impacts.

4.3 Environmental Impact

There are no environmental impacts.

4.4 Risk Impact

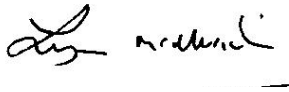

There are no risk impacts

5. Measures of success

- #### 5.1
- The measure of success will be the delivery of the planned activity, gaining views of residents on tackling poverty which can shape the development of the Council's Overarching Tackling Poverty Strategy and residents becoming involved in the Tackling Poverty Involvement Group.
