The Plan for North Lanarkshire

Priority Improve the health and wellbeing of our communities

Ambition statement (24) Review and design services around people, communities, and shared resources

1. Background

- 1.1 The Integration Scheme is a legally binding document jointly developed by NHS Lanarkshire and North Lanarkshire Council. The Scheme sets out the local framework within which the integration of health and social care will be taken forward.
- 1.2 On 12th April 2019, the Cabinet Secretary approved the integration scheme changes, namely to remove children, families and justice social work.

1.3 Further minor revisions have been made to the scheme.

2. Report

- 2.1 Section 44 of the Public Bodies (Joint Working) (Scotland) Act 2014, notes that “the local authority and the Health Board must carry out a review of the integration scheme before the expiry of the relevant period for the purpose of identifying whether any changes to the scheme are necessary or desirable”. The legislation clarifies the “relevant period” as “the period of five years beginning with the day on which the scheme was approved.
- 2.2 In September 2018 North Lanarkshire Council set out a new vision for the future direction of the council in ‘We Aspire’. The document set out a plan to revise the Integration Scheme and transfer the discretionary delegated functions for children, families and justice social work services to the newly reshaped Education and Families service within the council.
- 2.3 Following the review of integration and approval by the respective bodies, the Integration Scheme was updated and submitted to the Scottish Government for approval. The Cabinet Secretary approved the integration scheme changes to remove children, families and justice social work on 12 April 2019.
- 2.4 Further minor amendments have now been made to reflect updated processes and structures relating to risk, Support Care and Clinical Governance and complaints processes.
- 2.5 Following Committee, NHS Board and IJB approval the revised Integration Scheme will be subject to a 4 period of public consultation before final approval and submission to the Cabinet Secretary.

3. Equality and Diversity

3.1 Fairer Scotland

- 3.1.1 The intention underpinning The Fairer Scotland Duty is to reduce the inequalities of outcome caused by socio-economic disadvantage. Socioeconomic disadvantage is defined as “*living on a low income compared to others in Scotland, with little or no accumulated wealth, leading to greater material deprivation, restricting the ability to access basic goods and services*”.
- 3.1.2 The guidance also asserts that socio-economic disadvantage can be experienced by (a) communities of place - people who are bound together because of where they reside, work or visit, and (b) communities of interest - groups of people who share an identity, experience, or one or more of the protected characteristics listed in the Equality Act 2010.
- 3.1.3 The Fairer Scotland Duty is intended to reduce the inequalities of outcomes caused by socio-economic disadvantage. Inequalities of outcome mean any measurable differences between those who have experienced social-economic disadvantage and the rest of the population.
- 3.1.4 The statutory focus of The Fairer Scotland Duty is on strategic decision making and, as such, the ambitions within the plan will require to be considered under the Duty.

3.2 Equality Impact Assessment

- 3.2.1 A specific equality impact assessment will be undertaken to support wide consultation on the review integration scheme.

Professional Leadership

- 6.18 Explicit lines of professional and operational accountability are essential to assure the Integration Joint Board and the Parties of the robustness of governance arrangements for their duties under the Act. - 6.22 The Integration Joint Board will have three health professional advisors, as set out in section 3.5. These members of the Integration Joint Board will be professionally accountable to the Medical Director and the Nurse Director as appropriate.
- 6.23 This arrangement does not limit the ability of the Medical Director and/or the Nurse Director to provide advice directly to the Integration Joint Board. Where this advice is offered, the Integration Joint Board must respond in writing and notify the Parties. The Chief Social Work Officer can provide advice directly through their membership of the Integration Joint Board
- 6.24 The Chief Social Work Officer, through delegated authority holds professional accountability for the delivery of safe and effective social work and social care services within the Council. An annual report on these matters will continue to

- 7.2 The arrangements in relation to the Chief Officer agreed by the Parties are:
- 7.3 The Chief Officer will be accountable directly to the Integration Joint Board for the preparation, implementation and reporting on the Strategic Plan.
- 7.4 The Chief Officer will be operationally responsible with regards to the delivery of the delegated services (as set out in Annex 1 & 2) that do not relate to the acute medicine and Accident and Emergency services provided for within NHS Lanarkshire Hospitals set out in 4.2.1 and 3.2.2 a) to e). These services will continue to be operationally managed by NHS Lanarkshire, through the Director of Acute Services, in line with the Integration Joint Board's Strategic Plan to ensure coherence across integrated and non-integrated hospital service provision.
- 7.5 The Acute Director will be a single point of managerial responsibility for NHS Lanarkshire hospitals. The Acute Director will provide updates to the Chief Officer on the operational delivery of integrated functions delivered within the acute hospital and the set aside budget on a regular basis.

- 7.12 A Depute Chief Officer will be identified who will be a member of the senior management team as established in 6.9 and an employee of one of the Parties. At the request of the Integration Joint Board this Depute Chief Officer will carry out the functions of the Chief Officer if/when the Chief Officer is absent or otherwise unable to carry out their functions.

8. Workforce

- 8.1 Human resource services and workforce planning information will continue to be provided by the appropriate corporate human resource functions within the Council and NHS Lanarkshire.
- 8.2 The Parties, with the involvement of the Chief Officer, will identify appropriate officers to develop a joint Workforce Development and Support Plan. In doing so the officers will be required to consider professional views and previous workforce modelling etc. however, there may be opportunities to adapt these plans when considering an integrated workforce. This will also have to build in consideration around Third Sector and Independent Sector capacity. The Workforce Development and Support plan will be regularly updated to ensure it remains contemporary.
- 8.3 An Organisational Development strategy ("OD Strategy") will be maintained in relation to teams who will deliver integrated services. Through an intense focus on locality modelling, locality based focus groups and action learning sets, we have identified significant potential for harnessing the positivity and enthusiasm of frontline staff to achieve better outcomes for the public, the organisation and the staff. We intend to continue this process combined with other aspects of our plan which focuses on;
- Integration Joint Board Development
 - Key Leaders Development Programme
 - Integrated Locality Team Development
 - Wider Stakeholder Development
 - In all cases, we will endeavour where appropriate, to carry out development work which is inclusive of all partners.
- 8.4 Joint HR/OD processes have been agreed by the Parties over a number of years and many joint policies already exist which will assist in the process of integration. This integration scheme has no effect on these joint policies so, for example, any joint appointments will continue to report to one line manager, except for the Chief Officer where different provision is made within this scheme.

9 Finance

- 91 Contributions from the Parties for delegated functions to the Integration Joint Board will be overseen by the Chief Officer and the Integration Joint Board Chief Financial Officer. They will develop a resource plan and budget based on available resources. The Integration Joint Board Chief Financial Officer will be responsible for the preparation of the annual financial statements as required by section 39 of the Act.
- 92 The Chief Officer and Chief Financial Officer will develop a case for the integrated budget based on the Strategic Plan and present it to the parties for consideration as part of both of their annual budget setting processes. The Parties will evaluate the case for the Integrated Budget against their other priorities and will agree their respective contributions accordingly. The outcome of this work will be presented to the Integration Joint Board. Following on from the budget process, the Chief Officer and the Integration Joint Board Chief Financial Officer will prepare a financial plan supporting the Strategic Plan.
- 93 The budget will be evidenced based with transparency of assumptions including, but not limited to Pay Award, Contractual Uplift, Savings Requirements etc.
- 94 The method for determining the amount set aside for hospital services will follow guidance issued by the Integrated Resources Advisory Group and be based initially on the notional direct costs of the relevant populations use of in scope hospital services as provided by Information Services Division (ISD) Scotland. The NHS Director of Finance and Integration Joint Board Chief Financial Officer will keep under review developments in national data sets or local systems that might allow more timely or more locally responsive information, and if enhancements can be made, propose this to the Integration Joint Board. If the Strategic Plan sets out a change in hospital capacity, the resource consequences will be determined through a bottom up process based on:
- Planned changes in activity and case mix due to interventions in the Strategic Plan;
 - Projected activity and case mix changes due to changes in population need;
 - Analysis of the impact on the affected hospital budget, taking into account cost-behaviour i.e. fixed, semi fixed and variable costs and timing difference i.e. the lag between reduction in capacity and the release of resources.
- 95 Each partner will agree the formal budget setting timelines and reporting periods as defined in the Financial Regulations.
- 96 A schedule of notional payments will be provided by the Parties to the Integration Joint Board following the approval of the Strategic Plan and the Financial Plan.
- 97 It will remain the duty of the Local Authority Section 95 Officer and the NHS Board Accountable Officer to monitor and regulate the financial performance of

their respective share of the resources available to the Integration Joint Board during each reporting period, throughout the financial year.

- 98 It will be the responsibility of the Local Authority Section 95 Officer and the NHS Board Accountable Officer to comply with the agreed reporting timetable and to make available to the Integration Joint Board Chief Financial Officer the relevant financial information, including the sum set aside in line with 9.14.5 below, required for timely financial reporting to the Integration Joint Board. This will include such details as may be required to inform financial planning of revenue expenditure.
- 99 The frequency of reporting is set out in the Financial Regulations and will be at least on a quarterly basis. In advance of each financial year a timetable for financial reporting will be submitted to the Integration Joint Board for approval.
- 9.10 Regular management reports will be prepared in line with the financial regulations which will be agreed by the Integration Joint Board, and will include actual and projected outturns. The existing budgetary control frameworks adopted by each of the Parties will form the basis of generating the required information.
- 9.11 The Integration Joint Board Chief Financial Officer will manage the respective financial plan so as to deliver the agreed outcomes within the Strategic Plan viewed as a whole.
- 9.12 The Parties do not expect that there will be a schedule of cash payments, but rather annual accounting entries for the agreed budgets. There may be a requirement for an actual cash transfer to be made between the Parties to reflect the difference between the payment being made and the resources delegated to the party by the Integration Joint Board. Any cash transfer will take place at least annually. Any change to frequency will be jointly agreed by the Integration Joint Board and the Parties.
- 9.13 The process for managing any in-year financial variations will be detailed within the Financial Regulations and are summarised below:
- 9.14.1 If the Integration Joint Board's Chief Financial Officer is advised that a significant change is likely to the Integration Joint Board's overall financial position and the deviation involves a change of policy of the Integration Joint Board or results in revenue implications for future years, a report will be provided for the Integration Joint Board in good time detailing the financial consequences to enable appropriate action to be taken timeously.
- 9.14.2 If an overspend is forecast on either partner's in scope budget, the Chief Officer and the Integration Joint Board's Chief Financial Officer will aim to agree a recovery plan with the relevant partner to balance the overspending budget and determine the actions required to be taken to deliver the recovery plan. If the overspend arises from assumptions in the Integration Joint Board's strategic plan on the impact of service changes that are not realised as anticipated this should be subject to a report and corrective action. This corrective action may

include a recovery plan which should consider revisions to the commissioning of services and / or financial plans to account for the changed circumstances, and the use of any available reserves.

9.14.3 If the recovery plan is unsuccessful then the parties have the option to:

- a) the relevant partner provides additional resources to the Integration Joint Board which is then recovered in future years from subsequent underspends in that partner's contribution, (subject to scrutiny of the reasons for the overspend and assurance that there is a plan in place to address this) or;
- b) the relevant partner makes additional one-off adjustment to the resources that it is making available to the Integration Joint Board.

9.14.4 Unplanned underspends that arise due to material differences between assumptions used in setting the budget and actual events effectively represent an overfunding by the Parties with respect to planned outcomes. The circumstances surrounding the action required to address unplanned underspends is set out in the Financial Regulations and Reserves Policy, which will be subject to agreement by the Parties and the Integration Joint Board. The options will include the underspend either being returned to the relevant party in year through an adjustment to their respective contributions, or maintained by the Integration Joint Board to be carried through the General Fund balance.

9.14.5 The Parties do not expect to reduce their in year payment to the Integration Joint Board without the consent of the Integration Joint Board and the other Party outwith the following circumstances:

- a) Unplanned underspends as defined in 10.14.4 above and the Financial Regulations and Reserves Policy;
- b) Where the budget assumed a specific allocation from the Scottish Government which did not materialise in year to the extent anticipated. (The converse of this also applies in that should a specific allocation pertaining to a delegated function exceed the anticipated level, an additional payment to the Integration Joint Board may be agreed).

9.14.6 Monitoring arrangements will include the impact of activity on set aside budgets.

9.15 The Accounting Standards as adapted for the public sector will apply to the Integration Joint Board. The Code of Practice on Local Authority Accounting in the UK will be the applicable guidance for their interpretation.

9.16 The financial statements of the Integration Joint Board will be completed to meet the audit and publication timetable specified in regulations (Regulations under section 105 of the Local Government (Scotland) Act 1973).

9.17 Initially, recording of financial information in respect of the Integration Joint Board will be processed via the Local Authority ledger. The means for recording

financial information will be reviewed by the Chief Financial Officer to ensure this method remains appropriate giving due regard to the needs of the Integration Joint Board. Should an amendment to this method be required the Chief Financial Officer will consult with both parties and present recommendations to the Integration Joint Board for approval.

- 9.18 The financial ledger transactions relating to the Integration Joint Board will be carried out prior to the end of the financial year with post year-end adjustments for material information only. Year-end balances and transactions will be agreed timeously in order to allow completion of the Accounts in line with required timescales. This date will be agreed annually by the Integration Joint Board and the Parties.
- 9.19 From an asset management and capital planning perspective, in the short term, the Integration Joint Board will not be empowered to own capital assets and the regimes of the Parties will apply to capital assets used to provide the delegated services. Ownership of assets and associated liabilities will remain with the Parties.
- 9.20 The Chief Officer will consider all of the resources which are required to deliver the integration outcomes including the relevant non-current assets owned by the Parties. The Chief Officer will consult with the Parties to make best use of existing resources.
- 9.21 Should the Integration Joint Board believe there is a requirement to develop assets in order to facilitate the delivery of the Strategic Plan's outcomes, then the Chief Officer must present a business case to the Parties for consideration. This should be submitted as part of the partner's capital planning process. Partnership discussion would be required at an early stage for jointly funded projects
- 9.22 Detailed Financial Regulations governing the Integration Joint Board will be agreed between the Parties and approved by the Integration Joint Board before functions and resources are delegated.

10 Participation and Engagement

 - Non Commercial Providers of Housing;
 - Independent Sector;
 - Third Sector;
 - Staff likely to be affected by the integration;

- Mailing to key stakeholders, in line with SSI 2014/283, for comments;
- Dissemination to staff in partner organisations;
- Discussion at the Strategic Planning Group.

103 The Parties have well-established local arrangements for involving and engaging with service users, carers, patients and communities. These have become embedded within North Lanarkshire and include the Public Partnership Forum and a network of service user and carer groups under the umbrella of "Partnership for Change".

104 The partnership has an established Participation and Engagement Steering Group, which coordinates engagement activity across all aspects of planning and service delivery. There is an associated strategy and the group is supported via access to the corporate/directorate communication teams of both parties and a dedicated Integration Joint Board communications officer and support from staff who work directly in the field of community engagement/public involvement. The partnership's public engagement activity will adhere to national standards for community engagement and participation.

105 The Integration Joint Board has a long established Strategic Planning Group in accordance with the requirements of the Act with over 70 members made up of frontline staff, service users, carers and public representatives.

11. Information-Sharing and Data Handling

11.1 The Parties agree to continue to operate under the existing Lanarkshire Information Sharing Protocol and the agreed procedures for sharing information, which is governed by the Lanarkshire Data Sharing Partnership (LDSP), until such time as any necessary changes are made by the process outlined below.

11.2 The protocol and procedures for sharing information will be reviewed and updated to reflect the new governance arrangements that pertain to health and social care by the Lanarkshire Data Sharing Partnership.

11.3 The Lanarkshire Information Sharing Protocol is reviewed regularly by the LDSP. In the future, if the Parties or the Integration Joint Board have concerns about the Lanarkshire Information Sharing Protocol or agreement, or the processes for sharing information, they may request a review. Any such changes or amendments must be agreed by the Integration Joint Board and the Parties.

11.4 The Integration Joint Board holds its own Records Management Plan, held by the Keeper of the Records of Scotland. The Plan points towards the Records Management Plans of both partner organisations. The Data Protection Officer for the Integration Joint Board is the North Lanarkshire Council Data Protection Officer.

12 Complaints

- 121 The Parties agree the following arrangements in respect of complaints by service users and those complaining on behalf of service users.
- 122 The Parties agree that feedback, comments, concerns and complaints should be viewed with a positive attitude and valued as feedback on service performance leading to a culture of learning from complaints.
- 123 The Parties agree the principle of frontline resolution to complaints wherever possible and have existing mechanisms in place to achieve this.
- 124 The Parties agree that irrespective of the point of contact the Parties will show a willingness to appropriately direct complaints to ensure an appropriate response.
- 125 Due to different legislative requirements the Parties agree that no immediate change will be made to the way in which complaints are dealt with in each of the Parties and complaints will continue to be dealt with according to the procedures and policies in place for the Local Authority and the Health Board.
- 126 Where complaints cross the boundaries of health and social care the Parties will work together to achieve, where possible, a joint response to a complaint.
- 127 The Parties agree that complaints by patients, service users or carers will be managed and responded to by the lead organisation responsible for the delivery of the service to which the complaint refers in accordance with the procedures and policies in place for that Party, completed within the timescales for the relevant procedure and monitored by the Chief Officer.
- 128 There are two established processes a complaint will follow depending on the lead organisation.
- a) The Local Authority Complaints process;
 - b) The Health Board's complaints process.
- 129 These processes, together with the timescales for acknowledgement and response, are widely publicised by the respective organisations. Complaints to North Lanarkshire Council can be made through their website¹ using the online form or by telephoning the Council. The arrangements for making complaints to NHS Lanarkshire Health Board are set out on their website² or can be made by telephoning NHS Lanarkshire Health Board.
- 12.10 External service providers are required to have a complaints procedure in place. Where complaints are received that relate to a service provided by an external service provider the lead organisation will either arrange for investigation or

- 12.11 All complaints will be investigated and responded to according to the lead organisation's procedure, completed within the timescales for the relevant procedure and monitored by the Chief Officer.
- 12.12 The Chief Officer will have an overview of complaints related to integrated functions and will provide a commitment to joint working, wherever necessary, between the Parties when dealing with complaints about integrated services.
- 12.13 If a complainant remains dissatisfied after their concerns have gone through the defined complaints-handling procedure, complainants will be informed of their right to go to the Scottish Public Services Ombudsman for review. .
- 12.14 This arrangement will respect the statutory complaints-handling processes currently in place for health and social care services. This arrangement will benefit service users and carers by making use of existing complaints procedures and will not create an additional complaint handling process.
- 12.15 Data sharing requirements relating to any complaint will follow the Information and Data sharing protocol set In the Information and Data Handling section of the this Scheme.
- 12.16 Relevant performance information and lessons learned from complaints will be collected and reported in line with the Support, Care and Clinical Governance section of this Scheme.
- 12.17 A joint performance report will be produced annually for consideration by the Integration Joint Board.

13 Claims Handling, Liability and Indemnity

- 13.1 The Parties agree the following arrangements in respect of claims handling, liability and indemnity
- 13.2 The Parties and the Integration Joint Board recognise that they could receive a claim arising from or which relates to the work undertaken on behalf of the Integration Joint Board.
- 13.3 The Parties agree to ensure that any such claims are progressed quickly and in a manner which is equitable between them.
- 13.4 So far as reasonably practicable the normal common law and statutory rules relating to liability will apply, however it is also noted that decisions relating to claims and liabilities will also be subject to any requirements, obligations or conditions of any relevant insurance policies held by the Parties.
- 13.5 In the event of any claim against the Integration Joint Board in respect of which it is not clear which Party should assume responsibility, the Chief Officer (or

his/her representatives) will liaise with the Chief Executives of the Parties (or their representatives) to determine which Party should assume responsibility for progressing the claim.

- 13.6 Where a claim has been settled by one of the Parties, and it thereafter transpires that liability (in whole or in part) should have rested with the other Party, then that Party shall indemnify the Party that settled the claim.
- 13.7 Claims regarding policy and/or strategic decisions made by the Integration Joint Board shall be the responsibility of the Integration Joint Board. For such claims, the Integration Joint Board will require to assess the need for, and if appropriate, obtain appropriate insurance cover. It may also require to engage independent legal advice.
- 13.8 If a claim has a “cross boundary” element whereby it relates to another Integration authority area, the Chief Officers of the Integration authorities concerned shall liaise with each other until an agreement is reached as to how the claim should be progressed and determined.
- 13.9 Each Party will ensure that appropriate risk financing arrangements are put in place and maintained, to meet the cost of claims and other associated costs.
- 13.10 Claims which pre-date the establishment of the Integration Joint Board will be dealt with by the Parties through the procedures that were in place prior to Integration.

14. Risk Management

- 14.1 The Parties and the Integration Joint Board have an agreed risk management strategy and methodology in relation to Health & Social Care Integration. The shared strategy and methodology ensures:
- Identification, assessment, prioritisation and pro-active management of risk related to the delivery of services, particularly those which are likely to affect the Integration Joint Board's delivery of the strategic plan;
 - Identification and description of processes for mitigating these risks;
 - Agreed reporting standards.

- IJB strategic register
- NHS Lanarkshire operational register for health services, as part of NHS Lanarkshire's corporate risk processes
- NLC operational register for social work services, as part of North Lanarkshire Council's corporate risk processes

15. Dispute Resolution Mechanism

15.1 In the event of a failure by the Parties to reach agreement between themselves in relation to any aspect of this Scheme or any of the duties or powers placed on them by the Act then they will follow the process laid out below:

15.2 Either Party can invoke this Dispute Resolution Mechanism by serving written notice of their intention to do so on the other Party. Such notice will be deemed to be received on the day following the issuing of the notice. The date following the issuing of the notice is herein referred to as "the relevant date".

15.3 The Chief Executives of the Health Board and the Local Authority will meet, within 7 days of the relevant date, to attempt to resolve the issue.

15.4 If unresolved, and within 21 days of the relevant date, the Parties will each prepare a written note of their position on the issue and exchange it with the each other.

15.5 In the event that the issue remains unresolved, representatives of the Parties will proceed to mediation with a view to resolving the issue.

15.6 Within 28 days of the relevant date, duly authorised representatives of the Parties will meet with a view to appointing a suitable independent person to act as a mediator. If agreement cannot be reached then a referral will be made to the President of the Law Society of Scotland inviting the President to appoint a person to act as mediator. The mediation process shall be determined by the mediator appointed and shall take place within 28 days of the mediator accepting appointment.

15.7 Where the issue remains unresolved after following the processes outlined in 15.2 to 15.5 above, the Parties agree that they will notify Scottish Ministers that agreement cannot be reached.

15.8 The notification will explain the nature of the dispute and the actions taken to try to resolve the dispute including any written opinion or recommendations issued by the mediator.

15.9 The Parties agree to be bound by this determination of this dispute resolution mechanism.
