PROPOSED DECISION

To note the service of the undernoted Notices.

REPORT

The Department has found it necessary, following a routine inspection to serve two Improvement Notices and two Prohibition Notices in terms of Sections 21 and 22 respectively of the Health and Safety at Work etc. Act on Mr. Karam Lota, 3-5 Kingston Road, Kilsyth, t/a Parkfoot Newsagents.

The Prohibition Notices direct that specified electrical fittings cannot be used until they are made safe. The Improvement Notices specify various contraventions of the Health and Safety at Work etc. Act 1974 and The Electricity at Work Regulations 1989 and require Mr. Lota to remedy the contraventions within 21 days of the date of the Notices.
